## Section A: Introduction

The measures to ensure the cybersafety of Darwin Middle School outlined in this document are based on our core values.

The school's computer network, Internet access facilities, computers and other school ICT equipment/devices bring great benefits to the teaching and learning programmes at Darwin Middle School, and to the effective operation of the school.

Our school has rigorous cybersafety practices in place, which include cybersafety use agreements for all school staff and students.

The overall goal of the school in this matter is to create and maintain a cybersafety culture which is in keeping with the values of the school, and legislative and professional obligations. This use agreement includes information about your obligations, responsibilities, and the nature of possible consequences associated with cybersafety breaches which undermine the safety of the school environment.

All students will be issued with a use agreement and once signed consent has been returned to school, students will be able to use the school ICT equipment/devices.

The school's computer network, Internet access facilities, computers and other school ICT equipment/devices are for educational purposes appropriate to the school environment. This applies whether the ICT equipment is owned or leased either partially or wholly by the school, and used on or off the school site.

## Section B: Cybersafety Rules for Middle School Students

**As a safe and responsible user of ICT I will help keep myself and other people safe by following these rules:**

1. I cannot use school ICT equipment until my parent and I have read and signed my use agreement form (see Section C) and returned it to school.
2. If I have my own user name, I will log on only with that user name. I will not allow anyone else to use my user name.
3. I will not tell anyone else my password.
4. While at school or a school-related activity, I will not have any involvement with any ICT material or activity which might put myself or anyone else at risk (e.g. bullying or harassing).
5. I understand that I must not at any time use ICT to upset, offend, harass, threaten or in any way harm anyone connected to the school or the school itself, even if it is meant as a joke.
6. I understand that I can only use the Internet at school when a teacher gives permission and there is staff supervision.
7. While at school, I will not:
  - Access, or attempt to access, inappropriate, age restricted, or objectionable material
  - Download, save or distribute such material by copying, storing, printing or showing it to other people
  - Upload any files or software onto any of the schools ICT systems that is not related to school work
  - Make any attempt to get around or bypass security, monitoring and filtering that is in place at school.
8. If I accidentally access inappropriate material, I will:

## Cybersafety Use Agreement For Middle School Students

9. I understand that I must not download any files such as music, videos, games or programmes without the permission of a teacher. This makes sure the school complies with the Copyright Act 1994. I also understand that anyone who infringes copyright may be personally liable under this law.
10. I understand that these rules apply to any privately owned ICT equipment/device (such as a laptop, mobile phone, tablet, peripheral device) I bring to school or a school-related activity. Any images or material on such equipment/devices must be appropriate to the school environment.
11. I understand that if I bring my own device to use at Darwin Middle School I do so at my own risk. The school is not responsible for lost, stolen or damaged devices. We recommend purchasing insurance for accidental loss or damage and students use a protective case or bag for their personal devices.
12. I will not connect any device (such as a USB drive, camera or phone) to, or attempt to run any software on, school ICT without a teacher's permission. This includes all wireless technologies.
13. I will ask a teacher's permission before giving out any personal information (including photos) online about myself or any other person. I will also get permission from any other person involved. Personal information includes name, address, email address, phone numbers, and photos.
14. I will respect all ICT systems in use at school and treat all ICT equipment/devices with care. This includes:
  - Not intentionally disrupting the smooth running of any school ICT systems
  - Not attempting to hack or gain unauthorised access to any system
  - Following all school cybersafety rules, and not joining in if other students choose to be irresponsible with ICT
  - Reporting any breakages/damage to a staff member.
15. I understand that the school's ICT hardware and software is provided for the use of students for educational purposes only and that my use of ICT equipment in a school context is therefore subject to scrutiny by the School whenever the School considers this to be necessary or appropriate. To this end I understand that the School does monitor traffic and material sent and received using the school's ICT network. The school does use filtering and/or monitoring software to restrict access to certain sites and data, including email.
16. I understand that the school may audit its computer network, Internet access facilities, computers and other school ICT equipment/devices or commission an independent forensic audit. Auditing of the above items may include any stored content, and all aspects of their use, including email.
17. Any sources used in research must be cited and credit given to the author/creator. Copying of work and claiming it as your own is a serious breach of conduct.
18. I understand that sending, downloading or displaying offensive material including obscene language and pornography, installing packet sniffers, password generators and keystroke recording software and intentionally wasting bandwidth and printing resources, etc is not permitted.
19. I understand that if I break these rules, the school may inform my parent(s). In serious cases the school may take disciplinary action against me. I also understand that my family may be charged for repair costs. If illegal material or activities are involved, it may be necessary for the school to inform the police.

## Section C: Cybersafety User Agreement Form

To the student and parent/legal guardian/caregiver, please:

1. **Read this page carefully** to check that you understand your responsibilities under this agreement
2. **Sign the appropriate section on this form**
3. **Detach and return this form to the school office**
4. **Keep the document for future reference**, and the copy of this signed page which the school will provide.

We understand that Darwin Middle School will:

- Do its best to keep the school cybersafe, by maintaining an effective cybersafety programme. This includes working to restrict access to inappropriate, harmful or illegal material on the Internet or school ICT equipment/devices at school or at school-related activities, and enforcing the cybersafety rules and requirements detailed in use agreements
- Keep a copy of this signed use agreement form on file
- Respond appropriately to any breaches of the use agreements
- Provide members of the school community with cybersafety education designed to complement and support the use agreement initiative
- Welcome enquiries from students or parents about cybersafety issues.

### Section for student

**My responsibilities include:**

- I will read this cybersafety use agreement carefully
- I will follow the cybersafety rules and instructions whenever I use the school's ICT
- I will also follow the cybersafety rules whenever I use privately-owned ICT on the school site or at any school-related activity, regardless of its location
- I will avoid any involvement with material or activities which could put at risk my own safety, or the privacy, safety or security of the school or other members of the school community
- I will take proper care of school ICT. I know that if I have been involved in the damage, loss or theft of ICT equipment/devices, my family may have responsibility for the cost of repairs or replacement
- I will keep this document somewhere safe so I can refer to it in the future
- I will ask the ICT Manager if I am not sure about anything to do with this agreement.

**I have read and understood my responsibilities and agree to abide by this cybersafety use agreement. I know that if I breach this use agreement there may be serious consequences.**
