

How to install Office 365 Pro Plus apps

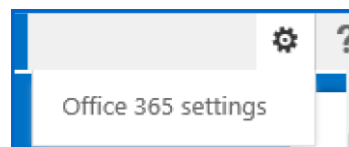

All students with NTSchools accounts can install Office desktop and mobile apps for free on up to five personal computers and mobile devices. The Apps available to install will depend on what device you are using.

Quick steps

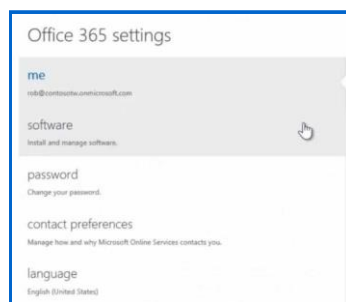

1. Sign in to [Office 365](#) with your NTSchools user ID.

2. At the top of the page, go to Settings > Office 365 settings.

3. On the left of the page, choose the Software tab.

4. On the Office page, select a Language, and then choose Install

If you are installing Office 365 Pro Plus apps on a 64-bit operating system you may need to select the advanced link under the version heading and change the version to 64-bit.

Once your Office 365 Pro apps are installed you will need to use your Office 365 login for activation.
